

MIRZA MUHAMMAD AHMED

FULL STACK DEVELOPER

ABOUT ME

I am a graduate currently pursuing a Certified Cloud Applied Generative AI Engineer (GenEng) program, where I am gaining advanced expertise in cutting-edge technologies such as Artificial Intelligence, Web 3.0, the Metaverse, and Blockchain. Concurrently, I am honing my skills as a full-stack developer, enhancing my ability to design, develop, and deploy end-to-end solutions. This comprehensive training is equipping me with the technical proficiency and innovative mindset required to excel in the rapidly evolving tech landscape.

CODING EXPERIENCE

- As a full-stack developer, i possess hands-on expertise in both front-end and back-end technologies. I have successfully built and deployed scalable web applications using HTML, CSS, JavaScript, TypeScript and Next.js creating intuitive and responsive user interfaces. On the back-end, I specialize in framework like Node.js, developing secure and efficient sever-side architectures.

Professional Graphic Designer

- Take your e-commerce platform to the next level with advanced development solutions. Form integrating powerful APIs to enhancing user experience with custom features, I create tailored solutions to make your platform robust, scalable and ready for real-world demands.
